

Dump Truck Driver/Equipment Operator/Delivery Driver

United Irrigation and Landscapes is a full-service landscape company. We create, transform, and maintain all manner of outdoor space. United Landscapes focuses on landscape design, installation, irrigation, irrigation design and installation and commercial maintenance. We know that first impressions are important and lasting. We see ourselves as a partner in the process whether it be residential or commercial. All new landscapes eventually grow into mature ones, and we are experts in managing the process.

We are seeking a motivated Dump Truck/Equipment Operator to join the team within our growing company. You will play a vital role in ensuring that the company's facilities are well-maintained and safe. This position requires a combination of technical skill and organizational skill.

Duties

- Operate commercial vehicles to transport goods from one location to another, following all traffic and safety regulations.
- Loading and unloading cargo using appropriate equipment, ensuring that load is properly secured and balanced to prevent damage during transit.
- Planning the most efficient routes based on delivery schedules, traffic conditions and road closures.
- Conduct routine inspections of the truck and equipment, including checking fluids, brakes and lights.
- Maintain accurate records of deliveries.

Qualifications

- Valid B.C. Class 1 Driver's License with Clean Abstract (to be provided to Company).
- Minimum of 2 years' experience as a driver.
- Strict adherence to provincial and local regulations of the transportation industry, including weight limits.
- Required to sit for long hours and may require lifting and carrying heavy items.

Benefits

- Dental
- Extended health care
- Staff Events
- Tuition Reimbursement

Pay Rate: \$27.00 - \$32.00 Per Hour
