

## Facilities Supervisor

United Irrigation and Landscapes is a full-service landscape company. We create, transform, and maintain all manner of outdoor space. United focuses on landscape design, installation, irrigation, irrigation design and installation and commercial maintenance. We know that first impressions are important and lasting. United Landscapes sees itself as a partner in the process whether it be residential or commercial. All new landscapes eventually grow into mature ones, and we are experts in managing the process.

We are seeking a motivated Facilities Supervisor to join the team within our growing company. You will play a vital role in ensuring that the company's facilities are well-maintained and safe. This position requires a combination of technical skill and organizational skill.

### Duties

- Coordinate and complete the maintenance of company facilities, including offices, equipment yards and storage areas.
- Schedule and perform routine maintenance such as landscaping and irrigation maintenance.
- Maintain inventory levels of supplies and materials necessary for company facilities and restock as necessary.
- Coordinate with Site Managers to order supplies, as needed, to ensure timely delivery and cost effective purchasing.
- Conduct regular inspections of facilities to identify safety hazards and implement corrective actions.
- Other duties may be assigned as necessary.

### Qualifications

- High school diploma.
- 2+ years of experience with Irrigation systems is required.
- 2+ years of experience as a Facilities Supervisor will be considered an asset.
- Valid Drivers License and clean Abstract is required.
- Work under limited supervision.
- Have effective communication skills.
- Reliable and punctual.

### Benefits

- Dental
- Extended health care
- Staff Events

**Pay Rate:** \$26.00 to \$33.00 per hour
